

Prevailing Wage and Apprenticeship Compliance Report

Project: Cottonwood Solar I
Period covered: January 12, 2026 through September 15, 2026
Report date: September 22, 2026

1. Prevailing Wage

We reviewed certified payroll for the EPC contractor and 14 subcontractors. All laborers and mechanics were paid at or above the applicable Davis-Bacon general wage determination rates for the county. Two underpayments identified in March 2026 were corrected with interest within 30 days. Prevailing wage requirement: satisfied for the period reviewed.

2. Apprenticeship

Measure	Result
Total construction labor hours	412,000
Apprentice labor hours	65,920
Apprentice labor hours as % of total	16.0%
Required labor hour percentage	15.0%
Shortfall (labor hours)	None
Apprenticeship ratio and participation requirements	Satisfied

The labor hour requirement is satisfied for the period reviewed.

3. Conclusion

Both the prevailing wage and the apprenticeship requirements are satisfied for the period reviewed. No penalty or cure payment is required.
