

Site Location and Energy Community Memorandum

Project: Cottonwood Solar I
Date: June 30, 2026
Prepared for: Meridian Ridge Renewables, LLC

The Project site consists of approximately 1,050 acres in Montgomery County, Illinois. Using the 2020 census tract boundaries, the entire site, including all energy property, lies within census tract 17135957900.

We understand the sponsor intends to rely on the coal closure category of energy community. Whether the tract is listed should be confirmed against the current IRS list of coal closure census tracts and directly adjoining tracts.

Item	Finding
Census tract (GEOID)	17135957900
Share of nameplate capacity in tract	100%
Nearest retired coal-fired generating unit	Approximately 9 miles (retired 2019)
